

## Fluffy photo bunny

*This quick bunny card, with a photo of your child, is too cute for words! Can be adapted depending on the age of your child. Make one of the whole family to send virtual messages to loved ones over Easter.*

### Things you will need:

- Thick card (old cardboard box cut up)
- Photograph of your child
- Cotton wool balls
- Glue
- White paper
- Paint
- Large paint brush
- Newspaper
- Scissors

1. Put out newspaper on your table and floor to make it easier to tidy up after.
2. Start by making the feet for your bunny. Using the pink paint and paint brush, paint your child's feet and press feet down firmly on the white paper. Leave to dry.
3. Next, draw a bunny shape, with ears on your thick cardboard. Cut out.
4. Paint the ears pink and leave to dry.
5. Choose a photo and glue on the head of the bunny. You may need to trim the photo down.
6. Now you're ready for the cotton wool balls. Using plenty of glue on your cardboard, stick the cotton wool balls on and ensure you cover around the photo of your child's face.
7. Cut out the feet you made earlier and stick onto your bunny.
